NOTICE

To
All the Establishments engaging Apprentices under NATS

Sub: Recent changes implemented in NATS portal flow.

Dear All,

At the outset I would like to convey my thanks and gratitude to all the establishments engaging apprentices under National Apprenticeship Training Scheme of Govt. of India thereby contributing to improved employability of Graduates.

We all understand the role of a robust NATS portal in our drive towards a common goal. Accordingly, NATS portal enhancement is a continued ongoing process undertaken by the Ministry of Education, Govt. of India.

The process flow followed in NATS portal has been recently updated with the following changes aiming for capturing authenticated data in NATS portal-

1. All the students having active contracts with PM Internship Scheme (PMIS) will not be allowed to enrol under NATS. A verification check has been integrated in portal itself.
2. For enrolling in NATS portal, a student must complete e-KYC and enrol themselves personally in NATS portal to verify Aadhaar Card, based on OTP verification through their mobile number during the process of enrolment.
3. All candidates must update their unique APAAR Id in NATS portal.
4. Establishments using/used bulk data upload facility for creation of Contract of Apprenticeship (CoA) to note that they must adopt either of the following two processes to complete CoA generation, else CoA for such bulk uploaded data shall not be generated and will not be reflected against their mandatory compliance.
 - a) Once bulk data is successfully uploaded for CoA generation, each candidate/apprentice of the database shall receive a link in their e-mail id as per datasheet. The candidates/apprentices must be asked to click the said link and complete e-KYC verification and updating of APAAR Id. Subsequently, the CoA will be created.
 - b) Establishments to instruct all candidates/apprentices undergoing apprenticeship training under NATS as per bulk data sheet, to complete the fresh enrolment in NATS portal and generate a valid enrolment number. Subsequently, establishments through their log-in can create CoA in bulk using the valid enrolment number of 100 apprentices in a batch. BOPT office may please be contacted to provide you necessary support in creating such CoA, if needed.

It is sincerely hoped that your cooperation on the matter will be extended, as always done in the past.

With regards,

Sd/-
