Detailed guideline is available on website : www.bopter.gov.in

Guideline on empanelment of National Apprenticeship Training Scheme Third Party Aggregator (NATS TPA) under The Apprentices Act, 1961 as amended thereafter time to time for implementation in Eastern Regional States

Presently about 35000 apprentices, Engineering Graduates and Diploma holders are undergoing Apprenticeship Training across the organizations in different sectors in the Eastern Regional States of the country under The Apprentices Act, 1961 as amended thereafter. Given the fact that every year about 3.5 Lakh Graduate and equal number of Diploma engineers are passing out from different Engineering and Polytechnic colleges in the States under the jurisdiction of BOPT (ER). Out of the 35000 apprentices, about 20% apprentices are in Central Public Sector undertakings/Central Govt. Departments and 10% apprentices are in State Public Sector Undertakings/State Govt. Departments and the balance about 70% are undergoing training in private corporate sectors.

There are about 12 lakh employees in Central Public Sector Undertakings / Central Govt. and Banking Sectors, even if these establishments engage apprentices upto the mandatory minimum of 2.5% of their total manpower strength, the number can reach to 30000. Beside the larger PSUs and Private Sector Industries, there are large number of establishments in MSME Sectors who also come under the ambit of the Act. But their participation in implementation of the Act has not been encouraging. There are multiple reasons behind this including inability to hire Training Officers/Staff, inadequacy of supporting staff to support activities involved with the Apprenticeship Training such as maintaining Contract of Apprenticeship, uploading Contract details on the portal etc. There are about 5 lakh MSMEs having 4 or more work force, even if each organization engages 1 apprentice, the number can be to the tune of 5 lakh. Therefore, there is a huge potential in Apprenticeship Training which remains untapped because MSMEs do not have adequate Staff to support activities involved with Apprenticeship Training.

With extension of the National Apprenticeship Training Scheme (NATS) for another 5 years and inclusion of Non-Engineering Graduates such as B.A, B.Sc, B.Com, BBA etc. under the purview of NATS, the supply volume is expected to rise manifold. As a part of the outcome, the target for BOPT (ER) for the coming years is also likely to increase gradually to around 1 Lakh apprentices in next three years time.

To facilitate the Industry (specially MSMEs) to undertake Apprenticeship program as mandated under The Apprentices Act, 1961, a provision has been made under Section 8(2) of the said Act which enables several employers to join together either themselves or through an agency approved by the Apprenticeship Adviser for providing Apprenticeship Training to the apprentices under them accordingly to the guidelines issued from time to time by the Government.

Therefore, BOPT (ER) intends to support MSMEs and other establishments by providing them facility of Third Party Aggregator (TPA) and encourage them to engage qualified youth for Apprenticeship Training in accordance with the provisions of the Act.

The MSDE who has a larger stake in implementation of The Apprentices Act has already empaneled about 100 TPAs throughout the country for scaling up the current activities.

Intent of BOPT(ER) for associating with TPAs

Objective: About more than 1 Lakh companies especially MSMEs having operation in Eastern Region are still uncovered. These companies primarily require General Stream Graduates for their operations. These companies may be due to smaller in size or non-availability of organized HR department, not able to get on board on NATS and contribute to the scheme. Many a times mobilization of appropriate resources (Students) is also stated to be a major hurdles in implementation of NATS in these establishments. BOPT intends to bring

all these uncovered establishments on board to NATS through empanelment of TPAs and thereby placing apprentices to the tune of more than 1 Lakh in these establishments.

For TPAs already functioning in other similar schemes of Central Govt. or any other agencies intending to function as NATS TPA, must have letters of understanding/support preferably from all such uncovered/unregistered establishments (support establishments) in NATS.

- i) The supports establishments must have atleast one branch office/unit of its establishment located in the Eastern Region.
- ii) The NATS TPA must submit support letter of minimum 5 establishments within 15 days of issuance of provisional empanelment letter issued by BOPT(ER) and by end of first 60 days they must submit support documents of minimum 10 establishments.
- iii) The NATS TPA must have adequate resources and strategies to mobilize different category of students matching with the demand of support establishments.
- iv) The NATS TPA must fulfill all the eligibility requirements mentioned below.
- v) The NATS TPA must be able to generate engagement viz. a viz. creation of Contract of Apprenticeship of minimum 1000 apprentices on a moving average every month from the date of issuance of provisional empanelment letter.

The NATS TPA must go through the “ROLE OF NATS TPA” along with the selection criteria available on our website www.bopter.gov.in.
